Nasal Naloxone for EMS Agencies

E-Gift User Guide for Licensed EMS Agencies

EMS – Grant Information Funding Tool (E-Gift)

Welcome to the E-Gift, the online grant application system. E-Gift automates the grant process by using a web-based system. We know you will find this user-friendly tool useful in your grant application writing and submission process.

Eligible Agencies

Only licensed EMS agencies are eligible to apply for this funding opportunity.

- A **Licensed EMS Agency** is an agency that is authorized by the Office of EMS to provide emergency medical services in the state as an EMS agency.
- The licensed EMS agency applying for this grant opportunity must either have a **controlled substance registration (CSR)** **OR** the operational medical director (OMD) must provide authorization for **shipment of naloxone**, their **drug enforcement agency (DEA) number** and an **address for the medication to be shipped to** on behalf of the awarded agency.

E-Gift Users

The E-Gift system requires three types of users: an Authorized Agent, a Financial Officer and an Agency Operational Medical Director.

- The **Authorized Agent**, or grant submitter, is the person responsible for the completion of the grant application on the agency's behalf. The authorized agent has the ability to create and make any necessary modifications to the grant.
- The **Financial Officer** is the person responsible for the receipt, care, and disbursement of money of an agency or organization. The Financial Officer will have the capability to review and e-sign the grant; they do not have edit capabilities.
- The **Agency Operational Medical Director (OMD)** is an EMS physician, currently licensed to practice medicine or osteopathic medicine in the Commonwealth, who is formally recognized and responsible for providing medical direction, oversight and quality improvement to an EMS agency and personnel. The OMD will have the capability to review and e-sign the grant. All OMD's have accounts already established with the Office of EMS and are required to use their existing account to log into E-Gift.
 - OEMS recommends the agency contact their OMD prior to applying to notify of the required information the OMD must supply.

Account Creation

If you have not created an account in EGIFT before you will need to contact your Licensed **Agency Super User** to have your E-GIFT roles assigned to your agency. The Agency Super User is the person who updates agency information, creates user accounts, and handles affiliation requests from providers. If your superuser has been changed or is no longer affiliated with your agency, you must contact your OEMS Program Representative <http://www.vdh.virginia.gov/emergency-medical-services/program-representatives/> to change the superuser information in the system before you can start your grant. If you do not know the super user for your agency use the search option on the E-gift Log-in screen.

Licensed EMS Agencies: A licensed EMS Agency is an agency that is authorized by the Office of EMS to provide emergency medical services in the state as an EMS agency. If you are submitting a grant for a Licensed EMS Agency you need to contact your Licensed **Agency Super User** to have your current EMS Portal account set up with E-Gift. The Agency Super User is the person who can access your EMS Agency Portal to update agency information, create user accounts, and handle affiliation requests from providers. If you don't know who your agency super user is, [click here](#) to search your agency to view your agency super user information.

Once your Agency Super User has granted you access login with the EMS Portal User Name and Password to the right of this screen.

Non-Licensed EMS Agencies: If you are a Non-Licensed EMS Agency (ex. EMS Regulated Agency for the state), login with your Agency Super User information.

Non-EMS Agencies: If you are a Non-EMS Agency, login with your Agency Super User information.
